DAILY STAFF MEETING

Monday, 1 October 1951

Colonel Hansen stated he believed some procedure should be established regarding announcement of travel performed by the DCI and the D/DCI. He noted that he had already received inquiries on the Director's present trip and suggested that in the future release of such information could be contained in a brief statement from the first point of arrival - i.e., DCI arrived in Paris for consultation with officials at SHAPE. Mr. [] stated he thought it might be better for us to wait until inquiries were made. Colonel Hansen pointed out, however, that this lent an air of mystery to the trip and might, therefore, cause speculation.
